**FOR A EUROPEAN CHAMPIONSHIP
WITHOUT SEX BUYING!**

NO HOME GAME.

In Germany, where prostitution is legal, most prostituted women come from low income countries and do not enter prostitution voluntarily. Human traffickers and pimps take advantage of their vulnerable situations.

NOT AN EVENT.

Countless prostituted women are brought to the venues for major sport events such as the European Championship. Most of them against their will.

NO FAIR PLAY.

Women in prostitution experience severe physical and psychological violence. They are obliged to comply with the sex buyer's wishes because he has the money and therefore the power to decide.
